

wall shrubs

These shrubs can be trained to 'hide' a wall or fence, without the need of a trellis* that climbers would require.

***Wires can be used when plants are first planted to hold branches against a wall, as the stems stiffen support will no longer be needed.**

- **Ceanothus**
- **Chaenomeles**
- **Cotoneaster**
- **Euonymus**
- **Fremontodendron**
- **Hollies**
- **Pyracantha**
- **Photina**
